DECLARATION

In Re the Application of:

Patent Titled: A Method of Neuromodulation Therapy
Inventor: LESLIE S FEINBERG
Application No. 10.662,960

Dear Sir:

I, Verena Johanna Smith a citizen of the USA declare under penalty of perjury:

I reside at: 19, Cosby Ave, Amherst MA 01002

My educational background related to the field of this invention is Traditional Chinese Medicine Acupuncture and Herbal Medicine.

I have the following certifications related to the field of this invention: Comprehensive and Advanced levels.

I have been providing medical care and treatment to patients since: 1983

I have reviewed NMT: The Feinberg Technique, teaching the protocols of neuromodulation therapy.

The teachings and protocols taught by NMT: The Feinberg Technique, effectively teach a useful method of neuromodulation therapy as disclosed.

I have personally utilized this method in a useful manner in treating patients.

I believe that the disclosed neuromodulation therapy is useful in the health care field. I have personally utilized the disclosed therapy to treat patients and offer the follow case studies:

- 1) In particular I helped a woman age 54 with acute hip pain radiating down her left leg who could not function anymore to come out of her severe pain by applying the Feinberg technique as taught by the Feinberg manual and both the woman and I witnessed her recovery as we completed the application of the technique.
- 2) As an ongoing process I am caring for a little boy (7yrs) with Down's Syndrome Who responds with increasing (brain) thinking and co-ordinating capacity to the Feinberg technique. He made great strides in his improvement because of NMT.
- 3) I also treat a woman (50Yrs) for severe CMS (Multiple Chemical Sensitivities) who Used to only be able to eat very few food items without getting extremely sick and who now (after several months) can eat widely from all food groups. She also now can be in different environments without feeling ill all the time.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
